Summary: (machine translated)
Canyon for collectors or to be done in times of heavy rains for sporting interest. Open, possible to leave almost at any time

Hydrology:

Access: (machine translated)
Situating us in Arrigorriaga, we go towards the neighborhood of Martiartu and we go up the back of the neighborhood, we go around it by a small road that will go south. Soon a track on the left, after the first left curve we have the power line tower on the right. We can park here or a little further up which is the exit of the ravine.

Approach: (machine translated)
We will follow the track upwards, we will leave a track on the left, another time of ascent, a new track that we leave on the left and we arrive at another light tower, after a few meters we have our riverbed.

Tour: (machine translated)
Two rappels from the natural, several cliffs and in the final part some very slippery slides.

Return: (machine translated)
When we reach the junction with Axolo on the right, we will go to the right through meadows towards the track.
