Summary: (machine translated)
Forest canyon with narrows and interesting geology.

Hydrology:

Access: (machine translated)
From Lucca via Castelnuovo di Garfagnana northwards on the SR445 to Piazza al Serchio (or from Aulla on the same road southwards). Continue north and shortly after Piazza al Serchio turn left onto the SP51 towards Gramolazzo. Cross the Fiume Serchio and continue to Gramolazzo. In Gramolazzo, continue straight on through the town towards Minucciano. The road now climbs and after approx. 3-4 km before a tunnel, turn left off the SP51 towards Refugio Donegani.
At the next junction we see a kind of brick-built bus shelter, a so-called Rifiugiola. Here we also find a signpost pointing downhill to the southeast along the "GT 189". We come up from there on the way back. We park the lower car here and continue straight ahead in the second car. Continue up this road. To the left below, you have a beautiful view of the S. di Gramolazzo forest gorge lying deep below. Pass a picnic area on the left below the road. After 4.6 km from the tunnel junction, park your car at the roadside. The Rifugio Donegani is located on the mountainside to the west, about 200 m further along the road we come to the Rifugio Val Serenaia (1100 alt.).

Approach: (machine translated)
From the car directly into the creek, if necessary walk a few meters downhill on the left side of the creek before access.

Tour: (machine translated)
At the beginning rappeling in a narrow, not very deep rocky gully - 1 rappel. Then the stream flows openly downhill in the forest, interrupted by interesting narrow passages. We pass a diversion structure on the left. In parts you can also go down in the forest at the edge of the stream. Then you climb and rappel again in rock gullies.

Return: (machine translated)
When the streambed flattens and the gorge is over, a few more minutes in the gorge, then out to the left - about. UU you pass a barn in the light coppice, then you come to a large open space. We meet an old path that leads us NNO to the hiking trail "GT 189" (red marking). We follow it to the left up to the road and to the shelter on the road.
