Specialities:

Gear:

Summary: (machine translated)
Recently opened, it is an alpine canyon at the height of the Nava lagoon, which will force us to go in late spring or early summer to have assured water and snow is not a problem. Ideal to do before the bco de la Nava and thus lengthen the day.

Hydrology:

Access: (machine translated)
From Nava del Barco, take a paved road (at the beginning) until you reach the "Puente de la Yunta" where there is a small parking lot (10 - 12 vehicles).

Approach: (machine translated)
Access to Bcos Nava and Ronchito
Follow the track indicated as PR-AV39 that will take us to the Nava lagoon.
Just before reaching the lagoon we will see on our left the drainage of our ravine, here we will return.
We will have to climb up to its beginning, so when we arrive at the lagoon we will follow the path that goes to the left and through this gentler watercourse we will climb almost 70m of unevenness until we find the bed of the stream.

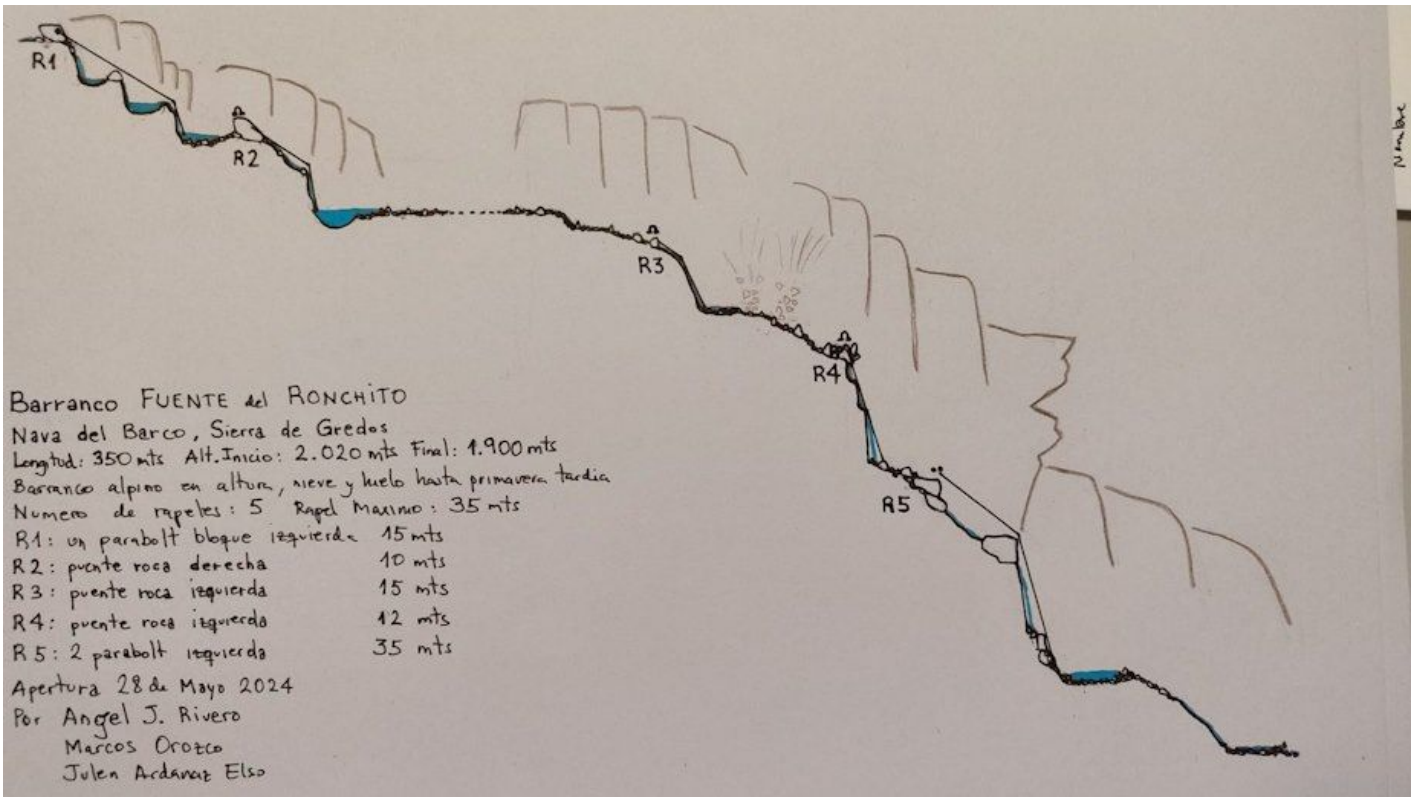

Tour: (machine translated)
See mole

Return: (machine translated)
At the exit we will go to the access path, we can go down it or continue descending through Bco la Nava.

Coordinates:
Canyon Start 40.2296 -5.5691
Canyon End 40.2316 -5.5707
