Specialities:

Gear:

Summary: (machine translated)
Dry canyon, very vertical, not suitable for inexperienced people. We will need a headlamp for the approach because we go through the tunnel.
Obligatory combination of vehicles.
Inside the Special Conservation Zones. It is necessary to request permission in the council.

Hydrology:

Access: (machine translated)
From Garachico on the TF421 to El Tanque. After 4 kms we have a right curve, a hairpin, with a place to park the return vehicle on the right. The channel through which we will return is right next to it.
We will continue along the road 2kms more until Tanque Bajo, there we turn right into Párroco Antonio Álvarez street, after 200m we turn right into San Alejo street. We will continue along this street for 500m until a left curve with a small esplanade on the right with a palm tree.

Approach: (machine translated)
Next to an old house is the channel that we must follow, soon we get into a tunnel (necessary frontals) and when we get out we are in our ravine. We follow the channel about 30m to a descending path that will put us in the ravine right next to the first abseil.

Tour:
Ver topo

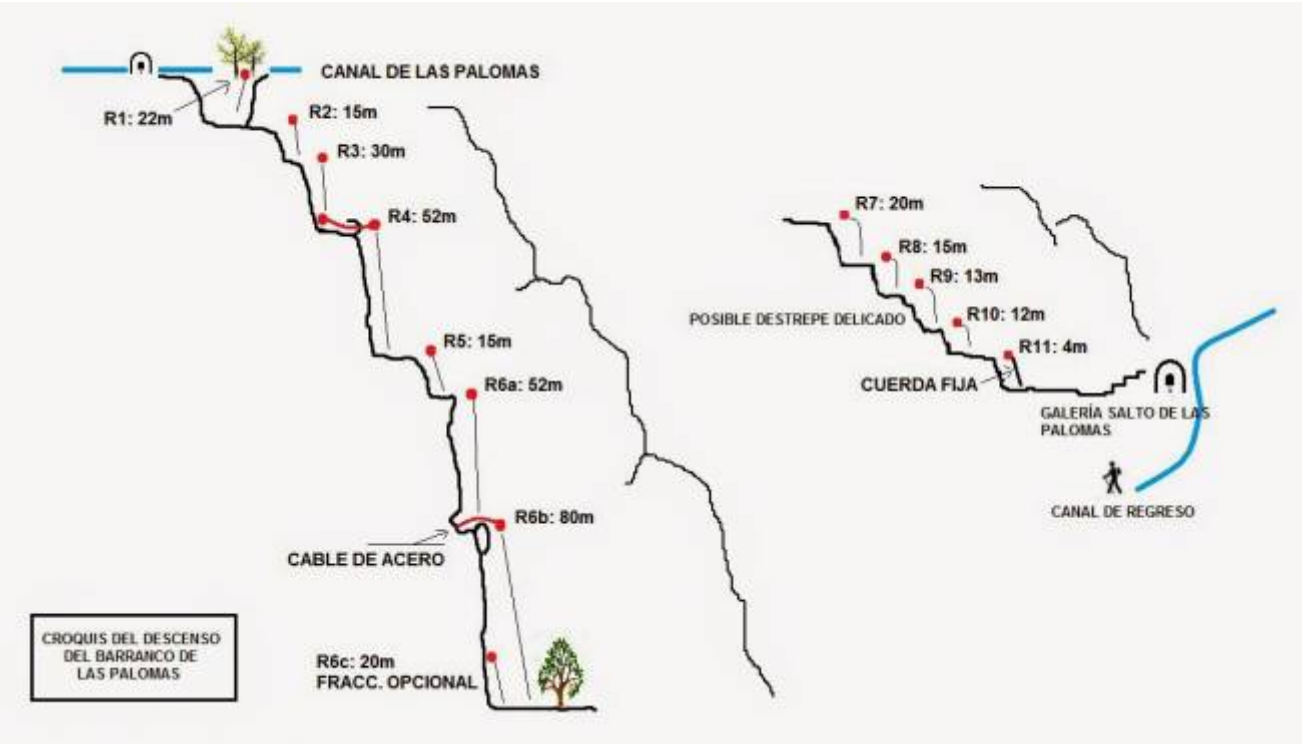

Return: (machine translated)
Arriving at the gallery, at the base of the waterfall, we climb the concrete steps, leaving the ravine to the left by a path in poor condition. After 150m some steps to the right will lead us up to a water pipe that we must follow. We will arrive at the road
