The same approach as for Bidighinzu and Badde Dorené: coming from Nuoro or Oliena, 4.3 km from the point where the eastern exit of Oliena joins the ring road, we turn right off the SP46 and continue for 2.4 km to the Su Cologone spring. About 200m before reaching the large parking lot, we turn right into the Valle di Lanaitto. There follows a climb on a narrow tarred road that later becomes a dirt road. After 4.4 km we come to a Y-junction. We take the one on the left. Where it goes away to the right to the Grotta di sa Oche (2.2 km after the Y-junction), we go straight on always on the "main track", ignoring the tracks going off to the right and after about 4 km (from the Y-junction) we come to a widening on the right of the track, where we park our car. A few meters further, the track crosses the stream su Codulone.
