Specialities:

Gear:

Summary: (machine translated)
Very vertical canyon with two parts. It is advisable to do only the lower half because the integral is very long and the upper part does not contribute much.
It is necessary to ask permission to the board to be able to make it. https://www.jccm.es/sede/tramite/KGZ

Access: (machine translated)
Pilón Location
We must arrive to Miller (Jaen) for it by the A30 we take the exit 56 to the CM412. We will continue until past Elche de la Sierra that we will take a detour to the left to the CM3206 (Yeste). Once in Yeste, at the exit we will take the detour to Gontar (A63) and continue until the Charca de las Juntas, after crossing the bridge over the Segura we turn right to Miller. When we reach the village we will continue to the upper part of the village.
For the return car we return to the Charca de Juntas and turn right before the bridge, go up the Segura and pass the Peguera turnoff. Shortly after a sharp left turn and after about 200m we can park in one of the widening of the road.

Approach: (machine translated)
Pilón access, two sections and return
From the beginning of the Pililla PR-A 100 path we can access the upper part or the second half.

Tour: (machine translated)
Vertical descent along the Arroyo del Pilón to the Segura. A canyon with a multitude of rappels in cantilever.

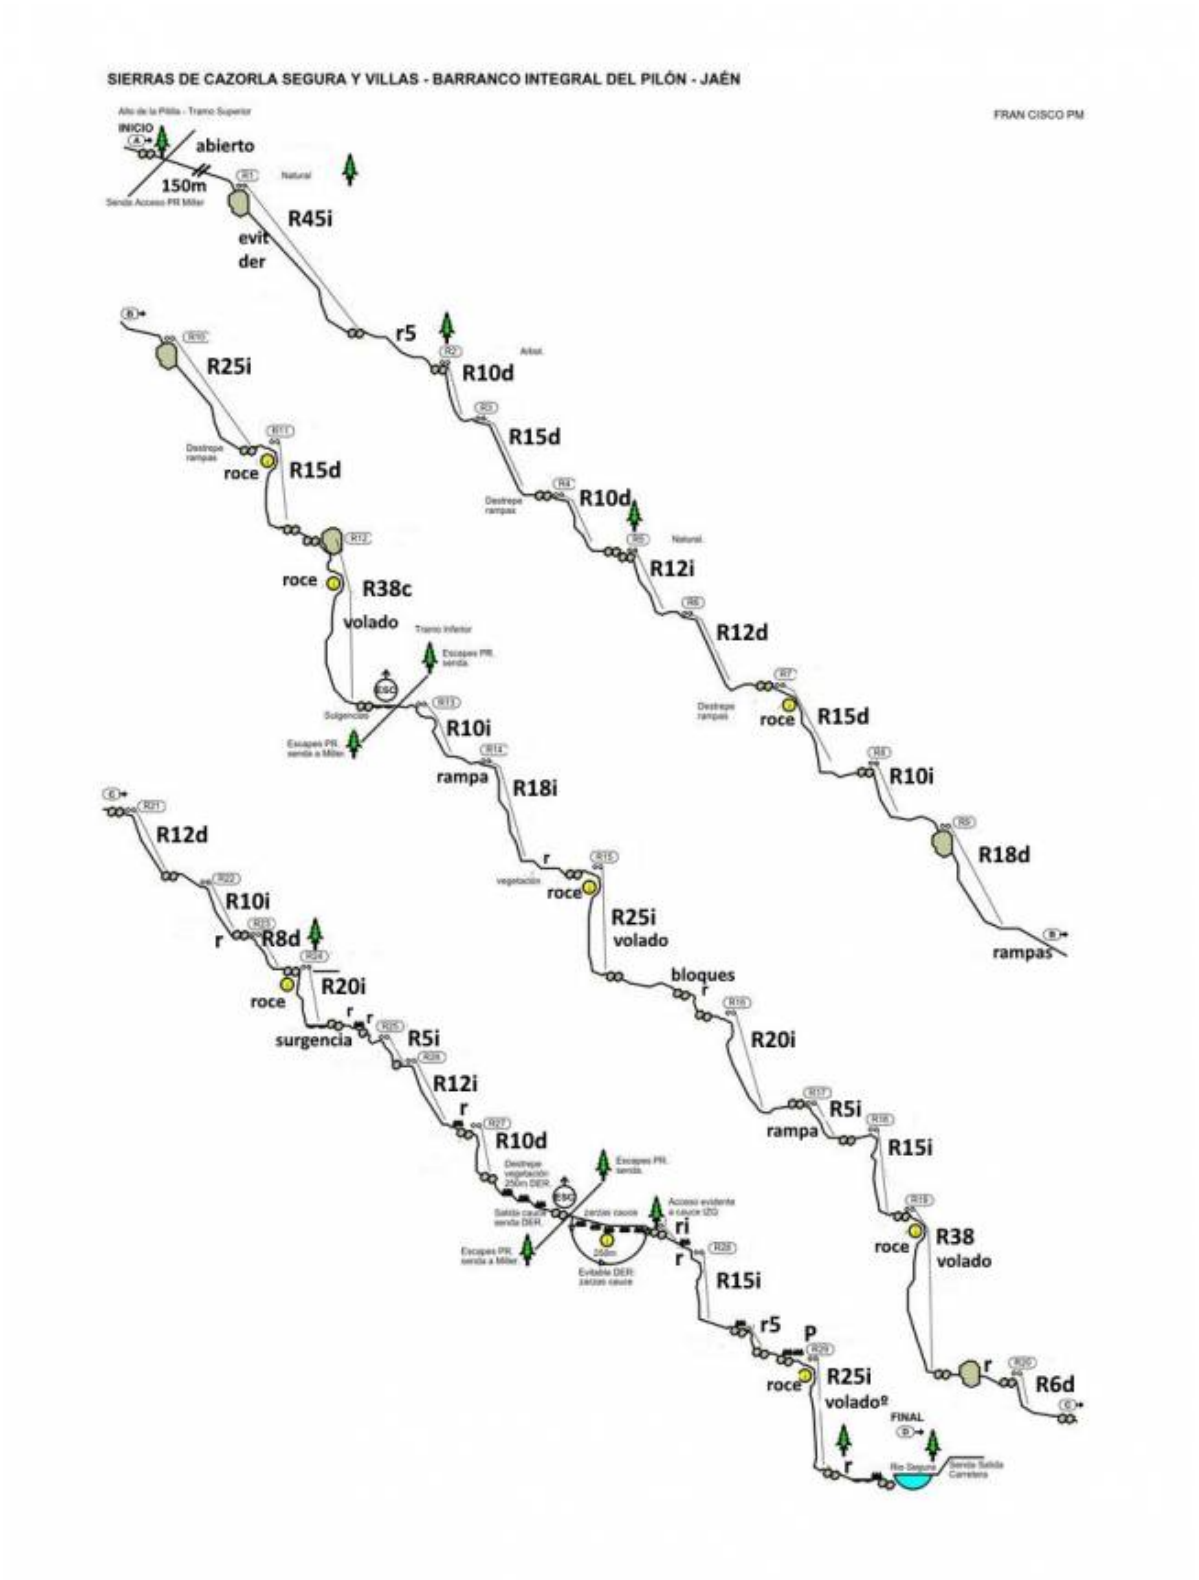

Return: (machine translated)
We cross the Segura river and reach the road.
If we only have one car we continue along the road to the Miller road 2.7km.
