Summary: (machine translated) The part of the canyon described here is the far more interesting descent. Alternatively, you could go much higher up, but then it's more or less just a river walk. A D via ferrata leads through the gorge, which can also be used for access.		
Hydrology:		
Access: (machine translated) Coming from Turin, leave the highway at the Chianocco exit and continue via Bussoleno to Foresto. At the fallen memorial plaque, cross the Foresto stream and after 70m park at the large, signposted parking lot (drinking water, picnic area).		
Approach: (machine translated) On the right bank of the Foresto towards the gorge exit. At the last houses, a path no. 560 leads off to the left (west). Ascend along a good mule track, ignoring a fork to the left (path 536A). Once above the rock faces, turn right onto hiking trail 539 and follow this trail to the crossing of the Torrente Rocciamelone. If you like via ferrata climbing with a large canyoning rucksack, you can also take the via ferrata.		
Tour: (machine translated) Approx. 14 rappels in beautiful marble. After the first third (6 rappels) the tour is accompanied by the Via Ferrata dell Orrido di Foresta (to D) - there are many spectators from the rope bridges.		
Return: (machine translated) After the last waterfalls, turn left along a path under a climbing garden and back to the access path.

Automatisch importiert von Descente-Canyon.com für Canyon Foresto Marche d'approche sans difficulté d'orientation. Un petit panneau bleu et blanc indique la bifurcation clef. L'équipement est très bon, voire abondant. Mains courantes très souvent en place, en push 9mm récente et en excellent état. L'eau est bien froide à cette période !La sortie est évidente. Juste, l'équipement a l'air d'être pensé pour une utilisation touristique estivale. En cas de gros débit, certains passages doivent délicats avec l'équipement en place. Sur la grande c18, possible d'installer une main courante très aérienne pour aller chercher un hors crue. Mais bonne maîtrise de la technique nécessaire.
