Went again today. We set off early and so there were hardly any tourists in the beautiful pools. The hippies were still there, of course. So start early, then you have the pools to yourself. Everything was tip top. At the beginning only 1 anchor, then double anchors or chain. Nice half-day tour. (machine translated)

Everything was tip top. At the entry point we met a hippie who told us that we were not wanted because we were destroying the canyon. We then came to an agreement and had a nice chat. The last rappel is doable with 60 m of rope if you take the lower anchor. Super beginner's gorge with great single cells. (machine translated)

The Kardelis Gorge is called "Christ Gorge" on Google Maps. The small canyon is not located where it is indicated in Descente Canyon. The parking lot is located at the archaeological site "Holy Monastery of Christ". From there, walk up the slope to the 2nd hairpin. Here you will find a path (blue markings) to the canyon, where you walk sometimes right, sometimes left up to 320m above sea level (30min.). There are about 8 abseils with some short walking passages in between (1h20). After the highest rappel (approx. 33m) at 150m above sea level, walk about 50m until you can see an unmarked path on the left (at the "terrace") that leads through the ferns to the parking lot (15min.).
