Shame it is still not bolted for recreational fun, rather to avoid the fun or escape. A lot of quicklinks are missing, so a series of obstacles are unfortunately bypassed. In the narrows the water becomes pushy. Caution with the dam, after 31/8 automatic flushings could officially also happen during the day. Traces are clearly visible, quicksand up to half a meter deep.

There are many guided tours that go as far as the bridge. Be sure to take the lower part of the tour. (machine translated)

Automatisch importiert von Descente-Canyon.com für Canyon Ecot Comme toujours très joli canyon dans un cadre magnifique. Manque un point dans la C7 juste après le pont pour pouvoir descendre dans l'eau et jauger la profondeur de l'eau pour un eventuel saut. Automatisch importiert von Descente-Canyon.com für Canyon Ecot Pas mal de groupes dans le canyon mais ce n’est pas gênant. Équipement qui fait souvent contourner les obstacles. Il faut bien sonder et parfois amortir dans les sauts. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/2362/observations.html)
