Approach: (machine translated) Head downhill in a northerly direction until you reach the stream, as close as possible to the beginning of the narrowing.		
Tour: (machine translated) The descent begins in a narrow, increasingly deepening canyon. After 4 or 5 rappels, there is a marked exit option to the right (steel cable) or left (better right, as the path leads back here). This is followed by 5 more rappels, some of them higher, with certain technical requirements.		
Return: (machine translated) A red arrow to the right shows the exit. Red dots mark the way to the path that leads back up.
