Directly at the parking lot, a marked path leads in the direction of Rovtarica. Follow this path past the cable car mountain station until you reach a forest road which you follow eastwards to the stream.

Many rappels. The first two rappels are from trees, the rest are glued anchors or chains. The water level can be easily checked from below - from the parking exit about 250 downstream to the bridge over the Blatnica. From the bridge it is only 3 minutes to the last waterfall of the gorge.
