| <b>Gear:</b>   |                                    |                                       |
| <b>Summary:</b> (machine translated)<br>In sections beautifully washed out rappel canyon, 2 interesting 40m rappel at the end. Unfortunately often dry.  |                                    |                                       |
| <b>Hydrology:</b>  |                                    |                                       |
| <b>Access:</b> (machine translated)<br>Follow road no. 209 in the direction of Bohinjska Bistrica. Park 500m after a prominent building on the left-hand side of the road (open-air museum of the wooden cable car) on the left-hand side.   |                                    |                                       |
| <b>Approach:</b> (machine translated)<br>Directly at the parking lot, a marked path leads in the direction of Rovtarica. Follow this path past the cable car mountain station until you reach a forest road which you follow eastwards to the stream.  |                                    |                                       |
| <b>Tour:</b> (machine translated)<br>Many rappels. The first two rappels are from trees, the rest are glued anchors or chains. The water level can be easily checked from below - from the parking exit about 250 downstream to the bridge over the Blatnica. From the bridge it is only 3 minutes to the last waterfall of the gorge.                               |                                    |                                       |
| <b>Return:</b>   |                                    |                                       |
