Specialities:

Gear:

Summary: (machine translated)
Short and not too complicated if the flow is adequate, with high flows it can have complications. A spectacular R30 by marmites and boxed, which leaves us in a cable to access another R18 on the cirque of Boibal will delight the most demanding.
To be completed (more info Espeleoclube Rei Cintolo)

Hydrology:

Access: (machine translated)
We have to be located in Valadouro
We will go south on the LU-P-0101 to O Cadramón, here we must turn left on the LU-P-6306 to As Rozadas, we will go along this road for about 300m until the detour to the left, now to the village of As Rozadas, 4 small houses in the middle of green meadows. We will park at the entrance of the village.
If we have two cars, the return car must have been previously left in A Balsa, we have the detour 2 km before Cadramón, on our left, as we go down this small road, after 400m we have a very sharp left turn and a "track" in front of us, we park here, we will return by this track.

Approach: (machine translated)
Along the track that heads north, it soon turns left and descends to the river.

Tour: (machine translated)
To be completed

Return: (machine translated)
After descending to the Boibal cirque, one more rappel and a couple of drops before turning left onto a path that leads to a track that takes us up to the road.
