Access: (machine translated)
You fight your way through the narrow streets of Malvagna to a monstrous road that leads down to Cascata Sghiccio. P
37.9215766N, 15.0606619E a few steps above at the exit of the road. This is the exit and a good place to check the water level. Follow the road back up and through the village to the cemetery. Another P 37.9205583N, 15.0566608E.

Approach: (machine translated)
Follow the closed road behind the cemetery until you come to an open building on the right. Take a sharp right along the forest road until you reach a wire fence. Follow a ridge inside. Before the exit, take a sharp left back down the slope at an angle until you reach a pool.

Tour: (machine translated)
Now follow the streambed for about 400m. Four cascades follow in quick succession. After another section of walking, you reach the last and most beautiful abseiling point of the canyon, which leads into a double pool.
