Automatisch importiert von Descente-Canyon.com für Canyon Infern Descente dans le torrent de pareis par le Clot de l'infern. L'accès est vraiment en terrain d'aventure, on passe dans les broussailles. Une fois dans l'étroiture on enchaine quelques rappels sympas en sec avec une belle vue sur le torrent de pareis. En bas on tombe sur la cova des perduts. Sympa. Puis on enchaine par le dernier tier du torrent de pareis. Une bon petit canyon sec de collectionneur.
