Summary: (machine translated) High alpine canyon, parallel to the Male Vesse in the neighboring valley		
Hydrology:		
Access: (machine translated) From Digne-Les-Bains on the D 900, 14 km in the direction of Gap or from Gap 90 km (also on the D 900) in the direction of Digne as far as the village of La Javie. Here turn east onto the D 107 and up the Bleone valley to Prads (12.5 km from Javie). Continue along the Bleone. After about 4 km, take the road to the right towards Ref. de l'Estrop (starting point for the Male Vesse hike). However, we stay left towards Saume Longe. On a ridge at an altitude of 1450m we can see this hamlet ahead of us. Here a bad dirt road goes off to the right and we park the car. See also Google map (contrary to what is indicated there, the car is not in the hamlet of Saume Longe but on the Col des Plenies).
