Summary: (machine translated)
Attention, the canyon is short, but still very dangerous, as only a few meters before the canyon is one of the largest water catchments in the area. You should always have an escape plan in there!

Hydrology: (machine translated)
Very dangerous because of the power station.

Access:

Approach: (machine translated)
Walk briefly on the hiking trail.

Tour: (machine translated)
The first step can be jumped, then there is a rope traverse on the left, where the 12-15m rappel comes around the corner. After that there are small steps to jump.

Return: (machine translated)
Right out and up again.
