Summary: (machine translated)
Alpine rappel canyon

Hydrology:

Access: (machine translated)
From Corte on a narrow road - D623 - in the Restonica Valley to the Bergeries de Grotelle. The last part is subject to toll (6 euros - 2016). We park our car in the large parking lot.

Approach: (machine translated)
On the orographic left side, pathless - at most faint traces of climbing by former canyonists. For details see http://www.descente-canyon.com/canyoning/canyon-description/23183/topo.html ("approche").

Tour: (machine translated)
Starting with 4 smaller rappels between 13 and 26m we come to the C53. Here would be after about 16m a changeover, but it is hardly usable when the water flow is good (for this case, the C53 in one go rappel through). At the exit again a few smaller steps before we leave the streambed to the right.

Return: (machine translated)
On sight back to the parking lot.
