## Reports:

2026-06-14 | Simone Steffke | ★★☆☆ | 📖★ | 🪚★ | 🌊 Low | 🍏 Completed

Anchor is fine; the ledge before the tributary (on the right) is gone (bolts are still in the rock). Rappel to the anchor is doable. Some spots are slippery, but overall there's still good grip. Relatively early on, a fallen tree is awkwardly sticking out into the rappel chute. You can get around it, but maybe someone should bring a folding saw next time. (machine translated)

2026-04-27 | Hexig | ★★☆☆ | 📖★ | 🪚★ | 🌊 Normal | 🍏 Completed

Good conditions, some small slides doable. All stands were o.i and better equipped than expected in the lower part, but several with 2 points. Unfortunately the lake does not reach the bridge at the moment (machine translated)

2025-12-14 | Raimund | ★★☆☆ | 📖★★ | 🪚★★ | 🌊 Low | 🍏 Completed

Everything OK. (machine translated)

2025-12-11 | Patrik | ★★☆☆ | 📖 | 🪚★ | 🌊 Low | 🍏 Completed

No ice and very little snow in the canyon. As the stands are drilled close to the water in many places, some nuts were loose. Otherwise good conditions at the moment. (machine translated)

2025-05-01 | Patrik Bartel | ★★☆☆ | 📖 | 🪚★ | 🌊 Low | 🍏 Completed

Slippery affair in summer temperatures. All stands available. (machine translated)

2025-04-13 | Peisen | ★★☆☆ | 📖 | 🪚 | 🌊 Normal | 🍏 Completed

At the moment you have to downclimb quite a lot, with more water it could be tedious. Quite slippery to walk. Anchors rather minimal and often set (too) close to the water. Jumping from the bridge into the lake is not possible at the current water level. (machine translated)

We came here after a rainy day and it was nice. All anchors are in good condition.

Single-point equipment except for the C35 and C3, with two points, in very good condition. Good level with the morning rain. (machine translated)

Due to the high water level in other canyons, we opted for the Schrähbach. Beautiful canyon with a superioren view of the Wägitalersee. Some possible slides had to be downclimbed due to tree trunks in the pools. A fixed anchor could also be placed at the C6 point with the natural anchor. (machine translated)

Really nice descent for the area. Beautiful view of the lake (machine translated)
