Specialities:

Gear:

Summary: (machine translated)
A water tour featuring jumps (while climbing), small rapids, and a beautiful narrow passage. Ideal for a family outing.
Get out 30 m past the second pontoon.

Hydrology: (machine translated)
Emergency exit just before the first bridge.
Use this route only during low water.

Access: (machine translated)
Drive up the Vésubie Valley from Nice. 1.5 km past St. Jean-la-Rivière, right after a bridge, park your car at a rest area (with a table).

Approach: (machine translated)
Continue on foot along the road (600 m) to a dam on the Vésubie. Head down the EDF trail.

Tour: (machine translated)
A water tour featuring jumps (while climbing), small rapids, and a beautiful narrow stretch. Ideal for a family outing.
Get out 30 m past the second bridge.

Return: (machine translated)
About 20–30 meters past the second bridge, a narrow path leads up to the road (10 meters higher). From there, it's back to the car (250 meters).

Coordinates:
Canyon Start 43.9408 7.2814
Canyon End 43.9330 7.2656
Parking Entry and Exit 43.9345 7.2649

Automatisch importiert von Descente-Canyon.com für Canyon Vésubie 1 D'après l'agent EDF rencontré au départ, il y avait 910 litres/sec. Franchement, pour la largeur du lit, c'est peu. A l'exception d'un passage, il faut le faire exprès pour se mouiller les genoux. Deux passages jolis avec la fin de Tueis et l'étroiture entre les deux ponts.
