<b>Reports:</b>		
2025-10-16   Christoph Cramer   ★★ ★   📖 ★★   ⚓ ★   🌊 Normal   🍏 Completed Anchors bent in places and unusually placed, water temperature 7 degrees. Problem-free trip. Very nice to look at with the colorful foliage at the moment. (machine translated)		
2025-09-27   BiodiversitAndy   ★★ ★ 🍏   📖   ⚓ ★★ ★   🌊 High   🍏 Completed Very scenic canyon, with the moss-covered red rocks. Looks bombastic. Did the first and second part. With the high water level, the rappel, which was almost exclusively in the water, was a cold challenge. We were unable to inform the operator of the weir. The number in the description (NR III) was incorrect and no one answered the emergency number. (machine translated)
