Specialities:		
Gear:		
Summary: (machine translated) Hike and swim canyon with lots of tourists swimming		
Hydrology:		
Access: (machine translated) From Muscat about 160 km on the highway "17" in the direction of Sur (south). At the exit Tiwi - a few hundred meters before we have already crossed the Wadi Shab - we leave the highway and drive along the sea in the opposite direction until we can park our car at the Wadi.		
Approach: (machine translated) To reach the path on the other bank, we either take a boat across (for a fee) or wade through the river, which is not very deep but muddy.		
Tour: (machine translated) On the orographic left bank a path leads into the canyon. When a side canyon enters from the northwest, we can either continue along the river bed or follow the path that leads up the orographic left slope. After about 80 minutes on this path we come to an abandoned village. Here you enter the course of the river and follow it downhill. You come to a small drop-off, at the foot of which is a pool covered by rocks. You can get out of the pool downstream through a narrow, low chute in the rock. You can also walk up the streambed and then swim into this pool from below, climb out at the top (fixed ropes - 2020) and continue hiking up the river as you wish.		
Return: (machine translated) Down the riverbed. Arriving again at the highway bridge, we change banks again and are back at the car.		
Coordinates: Canyon Start <a href="#">22.8328 59.2280</a> Parking Entry and Exit <a href="#">22.8391 59.2460</a> Canyon End <a href="#">22.8392 59.2452</a>		

## Reports:

We came out of the desert today and it was ok for that. It's not really canyoning, but a nice swimming tour amidst lots of tourists. Scenic but very beautiful! The boat still costs 1 OMR. (machine translated)

Nice tour for a rest/travel day. Crossing the small lake under the highway bridge cost 1 OR per person. Lots of tourists in the gorge, but above the cave basin you are on your own. (machine translated)
