Automatisch importiert von Descente-Canyon.com für Canyon Postoleone Very short canyon - but beautiful section under the bridge. High flow without issues. Well equiped canyon. The last (third) abseil can be skipped on the river right if needed. Cross to the river left after this one, before a small drop to find a very easy path out to the road. After the tunnel and bridge crossing the canyon there is more space to park. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/24026/observations.html)
