2025-09-16 Madie Ga ★ 📖 ★ 📍 🚩 🌊 Normal 🍀 Completed Anchors are either missing, rope tied through hangers, or rope around boulders, would be better if you could enter canyon from around 32TMS 07695 27757 on the RG or RD, as the remaining 90% of creek upstream is crawling through fallen pine trees and stinging nettle. One star is for the gondola ride up and 3 abseils in the last 100 m of canyon.
