Automatisch importiert von Descente-Canyon.com für Canyon Cap Ragnon Le premier relais: la rouille commence à se faire sentir, la sangle pour sécuriser l'accès est bien Le deuxième relais est nickel.Avec la 60m c'est trop juste pour faire la descente en une foisBelle descente, pas si exposée que ça sur le premier relais. Descente trop courte. Beau panorama. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/21249/observations.html)
