<b>Summary:</b> (machine translated) Alpine forest canyon		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) Either from the Sylvensteinsee on the B 307 via Fall to Vorderriss (7.8 km from Fall) and then another 5.2 km on the German Alpine Road (toll from Vorderriss) or from Wallgau on the B 11 (also toll) in an easterly direction 7.6 km (from the B 11 junction) we come to the bridge over the Fischbach. On the northeast side of the bridge we see a small cross with the inscription "Peter Kozlowski". Here we park the car.		
<b>Approach:</b> (machine translated) From said bridge 500m on the road in a westerly direction (Wallgau), then turn right onto a forest track. On this almost 100 meters uphill, then in the long left turn right onto a forest road. After a few meters this forest road crosses a (orographic right) side stream of the Fischbach and about 500 m further another side stream. About 50 m after this second side stream, we look for a descent into the Fischbach in an easterly direction.		
<b>Tour:</b> (machine translated) We walk, slide and climb down the stream channel. Smaller rappels are made from the tree. After about 35-40 min. we pass the second tributary from the right and arrive at the beginning of the more interesting part with a loose succession of smaller rappels down to the road bridge.		
<b>Return:</b> (machine translated) Exit below the road bridge and up to the car.
