<b>Summary:</b> <p>One of the best canyons on the island. Many good abseils and slides.</p> <p>Gria Vathra can be divided into Superior, Intermedio, and Inferiore. See "Access"</p>		
<b>Hydrology:</b>		
<b>Access:</b> <p>Park at Therma. Follow either the direct path, or walk up the rough road then on the path. It may be possible to save some walking by driving up the rough road from Therma with a suitable car, in which case a car shuffle is required (or someone walks up to fetch the car while the others drink at the restaurant).</p> <p>It is also possible to park at 40.486058, 25.618228 and follow the road then a path to the top of inferior at 40.481917, 25.60910, then a further path to the top of intermedio at 40.476932, 25.605152 (path marked with red dots). However, the path is somewhat unpleasant and undulating, and for the effort the walk into superior is far more pleasant.</p>		
<b>Approach:</b> <p>See GPX on <a href="https://ropewiki.com/Gria_Vathra">https://ropewiki.com/Gria_Vathra</a></p> <p>The walk to the top of Gria Vathra Superiore is pleasant through the forests, and follow a clear path until the short final traverse into the canyon.</p>		
<b>Tour:</b>		
<b>Return:</b> <p>Find the path marked with large painted red dots. Use your map app to return to the car. If you parked at 40.486058, 25.618228, follow the paths and old canal to cross the river at a very small dam at 40.489480 25.614173, then follow a vague path (not marked on map apps June 2025) to regain the road to walk to the car.</p>

Everything tip top. An incredible and great fun gorge (slides and jumps, partly repeatable) at the beginning, then a bit more technical and only rappel at the exit. Please study Bina's ascent on 25.5.2024 and do it exactly the same way (thanks Bina). The highlight for me. There were 12 of us (including 2 children) and in about 9 hours by car (with many repetitions of some places and extensive breaks). (machine translated)
