Automatisch importiert von Descente-Canyon.com für Canyon Lots En effet canyon très vite parcouru mais agréable pour moi d expérimenter la descente en fil d'araignée au début de la descente donc la première cascade .Évidemment très peu d'eau , n oublions pas que nous sommes dans une période de canicule, mais suffisamment d'eau pour être mouillé durant tout le parcours , évidemment aussi canyon sans aucune vasque profonde donc saut impossible (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/2584/observations.html)
