Specialities:

Gear:

Summary: (machine translated)
Entertaining ravine in the Cabrum river. Caution with the flows

Hydrology:

Access: (machine translated)
We have to get to Freigil. To do this by the A24 take exit 11 (Regua) and after the bridge take the N222 towards Resende.
We will follow the N222 until we find the detour to the left to Freigil. Continue to the village and turn right to go down to the dam. At the end of the road, next to the dam, we will park our car.

Approach: (machine translated)
We can rappel from the dam or go down some stairs to the ravine.

Tour: (machine translated)
Fun descent in which we will have to find out if there is going to be an opening of floodgates because of the danger it may entail.

Return: (machine translated)
We will exit to the left by the hydroelectric plant, go up the river to return to the dam.
We can also combine cars and park near the beginning of the pipeline.

Coordinates:
Canyon Start 41.0700 -8.0186
