Summary: (machine translated) Slide and jump canyon without forced rappels, especially suitable for beginners and children. Left tributary of the Roya.		
Hydrology:		
Access: (machine translated) From Ventimiglia up the Roya valley. Passing the junction of the road (D 19) to Sospel (16 km from Ventimiglia), turn right about 1.5 km further and cross the Roya to Fanghetto, where you park the vehicle in front of the village		
Approach: (machine translated) The footpath to Breil-sur-Roya goes slightly uphill in a northerly direction. Without realizing it, we cross the border with France. At marker "411" we turn right onto a path that climbs slightly up the orographic left slope of Audin. We come to marker "445", where the entry to the lower Audin (only jumps & slides without real rappel) goes down on the left.		
Tour: (machine translated) A succession of pools, sintered slides and possible jumps. All doable without ropes except for one spot. 2023 all doable without ropes, but beware. Two obvious rushes are equipped with anchors. The first one is slippery and the second one has a block at the bottom. These carefully downclimb and slide only the lower rest.		
Return: (machine translated) The most convenient way is to go out to the left before the canal and across the canal to the footpath. Or after the canal under the bridge and up to the right to the footpath. Follow the footpath back to Fanghetto.

A great playground for slide and jump fans. It feels like you can jump up to a maximum of 6 m, possibly even higher if you take a risk and climb a few rocks. Anything that looks like a slide or jump can be done without ropes. Be careful when jumping under the bridge, it's a bit shallow, but jumpable. We went a little further and then ortographic left at the fixed ropes. Great canyon for children and beginners, but also great fun for experienced canyoneers. Great colors in canyon when walked in the afternoon. I would describe it as a small barbaira without the jungle passage. Each jump or slide equipped with double U-anchors (like Bachab standard).
