Automatisch importiert von Descente-Canyon.com für Canyon Veyton Approche en VAE 45min et ensuite 45min à pied pour aller au départ du canyon.Equipement : un des relais à souffert lors du lâcher de barrage en 2023, une des plaquettes a été remise mais il en reste une à remettre.Prévoir également une deuxième plaquette sur le relais suivant en RG (piton et 1 point en place). Sinon RAS mais très très glissant ;-) (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/2409/observations.html)
