From Biasca head south/Bellinzona on the B2 to Claro. In Claro, take the third exit at the traffic circle in the direction of Gnosca. After crossing the Ticino and the highway, turn right towards Gnosca. At the entrance to Gnosca, turn half left into Via Valerenche. Follow the road for about 200 meters until you reach a bridge. Park the lower car here and check the water level. Please do not change in the village!

Entry rather difficult to find, after that everything is great. Rather slippery, sporty water level. Anchor points mostly double. (traducción alternativa)
