Especialidades:

Equipo:
Cuerdas: 1x30 m + 1x20 m

Resumen:
The route is divided into two interesting sections, with more than an hour’s walk between them.
It is also possible to do only the lower part by taking the trail that starts from Madonna del Rumore and runs alongside the stream, climbing for about 20 minutes.

Hidrología:

Acceso:
By car: From Val Mastallone, reach the junction for Rimella and park on the road at "Madonna del Rumore," near the bridge over the Enderwasser.
With a second car, continue on the road to San Gottardo di Rimella, leave the car there, and proceed on foot.

Acceso:
On foot: Follow trail 522 to Rondecca; after passing Rondecca, descend for 100 m until you reach the stream. This is where the upper Enderwasser begins.

Recorrido:
Upper section: in sequence C15, C30, C10, C10, C12, C10... Between these descents, there are a good number of jumps and slides that make the route more playful, including a beautiful curved slide of 8–9 m. After the last descent, it is possible to exit the route to return to Rimella (hiking time: 3 h).

Lower section: a fun and not difficult route with a few small descents (max. 7 m) and a good number of slides, ending at the Madonna del Rumore bridge (2 h).

In total, about 6 h of descent, with many exit routes along the entire path.
