| Resumen: (traducción alternativa) Short tour that has two narrow parts. Unfortunately, there is a lot of walking before and after, so you can't do the canyon very quickly. | | |
| Hidrología: (traducción alternativa) Relatively small catchment area, will probably be almost completely dry in summer, best suited for spring. | | |
| Acceso: (traducción alternativa) Park at the exit of the canyon at 1290m. | | |
| Acceso: (traducción alternativa) At P.1440 take the hiking trail up to around 1550m, and then try to get into the canyon from the side (you may need a rope) as the stream is not worthwhile above this point. | | |
| Recorrido: (traducción alternativa) Two parts with two rappels each (15m and 10m, then 5m and 15m) interrupted by a walking passages with lots of wood ... | | |
| Regreso: (traducción alternativa) Turn right at the forest road at 1290m. | | |
