Resumen: (traducción alternativa) Very short but beautiful tour; well combinable with Schwarzenbach near Forchach; emergency exits before and after the highest rappel stage; rock hole at C16; exposure east; very well equipped; commercially climbed; sedimentary rock.		
Hidrología:		
Acceso: (traducción alternativa) From Reutte to the village of Stanzach. Immediately after the village, turn right towards Vorderhornbach. Follow the country road over the Lech. Immediately after the bridge (approx. 50m) there is a large parking lot on the left. Park here.		
Acceso: (traducción alternativa) From the parking lot, briefly follow the road back to the bridge and then continue along the cycle path downstream until you reach a yellow signpost "Moos, Baichlstein". From here, follow the wide forest road slightly uphill to a beautiful viewpoint with a wooden bench. Directly after the bend with the wooden bench, a small path leads down to the streambed on the right. Entry at approx. 1020m.		
Recorrido: (traducción alternativa) The tour is very short and is commercially accessible, but is still worthwhile. After a short section of walking terrain, the canyon narrows and the first well-secured abseiling points in the water appear. Thanks to fixed ropes and good belays, most of the steps can be negotiated safely even at higher water levels. If the pools are not currently covered in gravel, a few small steps can also be slid. The highlight in the middle of the gorge is a 90° left-hand bend with a rock hole. This is also the highest rappel point (16m) in the water jet (can also be rappelled dry through the rock hole if the water level is high. After the highest abseil point, there are three smaller steps of max. 7m before the canyon exits much too quickly.		
Regreso: (traducción alternativa) Either get off before or after the cycle path bridge and follow the cycle path to the right back to the parking lot.

nice route. Rope after the first abseil and rope to get to the rock hole are badly damaged, need replacement.

Beautiful, but extremely short canyon (you walk longer than you are in the canyon). Extremely many stands and fixed ropes. (traducción alternativa)
