Forra Laudani Very short but beautiful canyon. The stream later flows into the Gole Aranciara. From Limina, follow the wide road to the exit of the asphalt 37°56.72708'N, 15°15.22607'E. Park here or continue for another 3 km if your car can take it and paint scratches are not a problem. Before the large bridge at the break in the wall 37°55.92842'N, 15°14.03908'E, descend in a hairpin bend to a kind of ford (entry) 37°55.96077'N, 15°14.01772'E. This is followed by some short chutes and steps that are well equipped with anchors. Then comes the highlight of the canyon, the 10 m rappel in the waterline. If the water pressure is too high, you can rappel directly into the pool to the right of a somewhat hidden sling on a clamping block. Another small step follows and you slide through a chute into the last pool 37°56.07888'N, 15°14.04236'E. Climb up a small side stream on the left and up the steep slope to reach the entry point along the canyon in a few minutes. Without sufficient water, the canyon is rather uninteresting. Superiore equipment Several exit options a3v2III Under the bridge there is a pool with a swimming area where you can also make a small jump. Otherwise the pools are too shallow for jumping.
