Resumen: (traducción alternativa)
Relatively open canyon part of the Loup with possible jumps

Hidrología:

Acceso: (traducción alternativa)
From Grasse, we take the D 2085 in an easterly direction, pass through the village of Marganosc and from here we arrive at the village of Pont du Loup on the D 2210. From here we go (via D 6/D 3) up the Loup canyon (passing the canyon Bes-Gourmes and the "Saut du Loup") to Gréolières. From here we continue westwards on the D 79 for about 3 km in the direction of Andon. We pass a first valley cut and park the car next to the road just before the second valley cut.

Acceso: (traducción alternativa)
At the beginning of the bend before the second valley cut, a dirt road goes down on the left. We go down this, meet a water pipe and go on it a few meters to the right (in a westerly direction). A few meters before a tunnel, a path leads down to the stream.

Recorrido: (traducción alternativa)
Hike in a chute, interrupted by steps that can usually be jumped.

Regreso: (traducción alternativa)
After the large final pool up the path in a northerly direction (signs "sortie") we come back to the water line, walk on it in a westerly direction. We meet again the slope that we hiked down. On it up to the road.
