Resumen: (traducción alternativa)
Small rappel in narrow dark gorge.

Hidrología:

Acceso: (traducción alternativa)
From Thessaloniki on the A 1/E 75/E 90 in the direction of Athina (Athens). After 33 km and after the tollbooth at Malgara keep right on the A 2/E 90 (the highway to Athina goes left). After 117 km (from Thessaloniki) you pass Veroia and reach the exit to Kozani, Larisa. Leave the highway here and drive around Kozani to the east, always on the E 65 towards Larisa. It goes down to the Aliakmonas reservoir, on a bridge to the other bank and then slightly uphill to the small town of Servia (145 km from Thessaloniki and up to here identical with approach to Servia Canyon). The road now passes the northwestern edge of the town and continues in a southwesterly direction to Larisa. 5.5 km after Servia the road makes a left turn and then moves in a southeasterly direction. In this left turn a small road goes right downhill towards Prosilion.50 m further the road branches. We turn right to the small church in the cypress grove; in front of it, on the right, there is a long concrete well. Here we park the car.

Acceso: (traducción alternativa)
From the church back to the junction and southwest towards Prosilion.We come after about 300m to the bridge over the Havas and get on here. The neo should be put on - only - when you run the risk of scratching your legs in the bushes.

Recorrido: (traducción alternativa)
3 rappel. The short and narrow gorge would be charming if it were not for the water polluted mainly by pigeon crap.

Regreso: (traducción alternativa)
After the canyon widens, turn right along the edge of the meadow back up to the small church where the car is parked.

Automatisch importiert von Descente-Canyon.com für Canyon Chavos The gorge itself is very beautiful! If you can laugh off the thorns at the entrance, the swamp in the pools, and the shit on the walls, you'll have a great tour!Anchor points are okay. Bring a jungle machete or something similar.
