Automatisch importiert von Descente-Canyon.com für Canyon Fighera Fait sans combi malgré une nage obligatoire plutôt agréable. Équipement en très bon état (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/23546/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Fighera Bellissima forra in ambiente selvaggio nonostante dista solo 30 minuti di cammino per entrare nel letto del torrente: La seconda calata al masso incastrato meglio spezzarla in due altrimenti rischio di incastro corda. La terzultima calata doppia di 55 metri. l'ultima calata doppia di 40 /45 metri entrambe sceniche e bellissime e verticali (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/23546/observations.html)

Nice vertical creek with rappels under flow, with high flow quite technical, very continuous, a bit tiring approach very steep and exposed in some places (traducción alternativa)

Short canyon but with some fantastic verticals, one above all the 55 m... with really exciting high reach! Approach a bit overrun with brambles, steep and in my opinion shorter than the description. We picked the right day! (traducción alternativa)

We fully agree with the last ascent. Took the ortographic right path which was top. Longest rappel more towards 55m (traducción alternativa)

Access (orpg. right) from Baracca (420m) difficult to find. Not easy to walk at the top. There is an old ropes and a clothesline which helps a little. A lot of roses with thorns at the top. The upper part (from the GPS point) is definitely not worth it! There are no anchors (rappel on trees is no problem) and you walk mainly on scree (water is under the scree). The last part is very beautiful. I would recommend crossing the hiking trail (Linea Cardorna) from Baracca (420m) to the stream. Then you should get pretty close to the first anchor in the stream. But recommended here as an afternoon tour. Currently hardly any water. (traducción alternativa)

Little water, fun, short tour with deep abseiling channels. (traducción alternativa)
