**Resumen:** (traducción alternativa)
Last part of the access sloping terrain until the steel cable railing; short beautiful canyon; clean water; no major difficulties; some narrows; small cave; small siphon; good half-day tour; partly round cut rock, limestone.

Water level: http://canyoning.pirineos-pyrenees.eu/barranco/9

**Hidrología:**

**Acceso:** (traducción alternativa)
From the campsite (Agua) take the road (left) towards Bierge --> after a short descent there is a bridge (bend on the right) where you park on the gravel parking place on the left side of the stream (Rio Formiga).

**Acceso:** (traducción alternativa)
From parking lot across the creek --> to the right --> signage of Rio Formiga --> follow the path to a large rock roof with masonry below --> here take the very steep path r. next to the already cut gorge part (Attention! the more dangerous path goes below. 2. better path goes a little above) --> now continue the path to the steel rope traverse --> this leads directly to the entry (1st rappel point) to the streambed (R8).

**Recorrido:** (traducción alternativa)
The tour starts immediately with some smooth rocks which you master by climbing down or sliding or jumping --> quickly the canyon narrows but with little slope it continues to the 2nd abseil (r. 8m) with above it stuck clamping block --> narrow and swimming it continues to the 2nd clamping block --> narrow passage with 3rd abseil (r. 8m). rappel (left 8m) in narrow pool with jammed trees (rappel) --> 3m dive at siphon (can alternatively be rappelled) --> after a short distance the canyon becomes more open again --> climbing, jumping, slide and walking passages --> big rock block can be climbed through or left --> small slide at the top of the canyon --> small slide in canyons bypass above+ small slide into pools --> open canyon walking and climbing --> narrow passage to 4th rappel (r.), 7m (jumping also possible) --> behind the waterfall is a small cave (ca. 10m) (lamp not necessary) --> short swim --> last part goes over straight vegetation passage to shallow streambed with small slide (r. 5m) --> walk --> column 5th rappel or downclimb and jump --> walk to the Steinmandl- pile at the rock ribs --> exit (le.) ca. 50m after the Steinmandl pile at ca. 630Hm.

**Regreso:** (traducción alternativa)
If you leave the creek on the left, take the path on the right (not up on the left) --> follow the left side of the creek to the parking lot.

Automatisch importiert von Descente-Canyon.com für Canyon Formiga Caméra changée et fonctionnelle. Rappelons qu'elle ne filme pas les canyonistes et n'assure pas de surveillance mais prend juste une photo toutes les 30 mn pour connaitre le débit et la couleur de l'eau avant de s'y engager.
