<b>Resumen:</b> (traducción alternativa) Alpine canyon, cold water medium to high rappel. The highlight is a 15 m slide, or the C55 at the exit of the tour.		
<b>Hidrología:</b>		
<b>Acceso:</b> (traducción alternativa) Coming from the highway exit Bellinzona Süd, cross the river Ticino, pass Locarno airport and then straight on at the traffic circle to the T-junction. Turn left here and follow the signs into the Verzasca Valley via Gordola, past the dam, along the reservoir to Vogorno (11.3 km from the crossing of the Ticino). From Vogorno, continue along the reservoir to Lavertezzo and from there towards Brione. Here continue in the direction of Gerra. At the exit of the houses of Gerra we park near the bridge.		
<b>Acceso:</b> (traducción alternativa) Cross the bridge to the right and keep left at the fork (not the first junction to the left, only shortly afterwards). After 300 m, the path winds steeply uphill and then less steeply into the valley. At 1150m the path crosses the stream. Get in here.		
<b>Recorrido:</b> (traducción alternativa) Quite a challenging tour with high rappels and a T15, as well as two approx. 50 m high rappels. Partly very incised with narrow forced passages. Critical at medium/high water levels.		
<b>Regreso:</b> (traducción alternativa) At the bridge, turn right and follow the path to the large bridge. Cross the bridge to the car.

Everything tip top, just a bit slippery. Sharp edge at the 2nd belay from the first high rappel. (traducción alternativa)

Good grip in most of the most important places. But also very slippery in places. All anchors, jumps and slides are good. (traducción alternativa)
