Resumen: (traducción alternativa)
Rappel canyon with several complex stands

Hidrología: (traducción alternativa)
Tends to be dry. Generally good amount of water after heavy rains when all other canyons have too much water.

Acceso: (traducción alternativa)
Southern entrance to Fortogna

Acceso: (traducción alternativa)
A hiking trail leads up to the canyon

Recorrido: (traducción alternativa)
Starts with a multi-pitch consisting of a short rappel that is drilled very deep and a medium-high rappel (right around the corner)

Short run, then short rappel from the tree. It is recommended to use a sling/carabiner at the edge.

Rope traverse to the ~70, which has one between.

Short run, rappel from the tree. Some downclimbs and another C15 lead to the final waterfall, for which there is a rope railing point and 2 belays. The belay behind the edge has a better rope run than the upper chain - using the front chain extends the rope requirement to approx. 85 meters!!!

Finally, 10 meters of rope traverse and 25m of rappel on a sharp edge.

Regreso: (traducción alternativa)
Tour exits directly at the car

With about 100mm of precipitation coming down between Monday and Sunday morning, the flow rate turned out to be good to go down smoothly while pleasantly enjoying a few showers. Weapons OK. The first rappel has the arms at foot height causing a departure practically in full cast, but there are trees to avoid it. N.B. at the third fork in the approach keep right avoiding the left that takes us under the pylons. (traducción alternativa)

Another great tour after a lot of rain. It seems I accidentally rated it too high the other day: no slides, no jumps, no pools, but still a great canyon with water. Short tour, high rappel, beautiful view. (traducción alternativa)

Other canyons were not accessible due to heavy rain. This waterfall had the perfect amount of water thanks to the rain. For information about the canyon, see https://www.christian-balla.de/Fortogna Video about the tour: https://www.youtube.com/watch?v=zCQhZ10k1kk (traducción alternativa)
