From the parking lot, walk back along the road for about 100 meters until you see a path leading down to the right. Follow this path to an iron staircase, where the entry is located.

Recorrido: (traducción alternativa)
The scenic landscape is exceptionally beautiful and reminiscent of paradise. This makes it all the more important to treat this unique natural area with respect and take great care to preserve it.
In some places, the tour can certainly be described as a river walk, as longer parts are covered without any technical difficulties. Nevertheless, it offers several exciting rappelling spots, with the approximately 30-meter-high waterfall rappel being particularly noteworthy.
At this spot, there's also the option to jump from a platform on the right bank, about 5 meters above the pool. Depending on the chosen jumping point, jumps of up to about 12 meters are possible.

Regreso: (traducción alternativa)
Follow the hiking trail back to the parking lot.
