Watery canyon with fun potential (partly also high jumps and slides, white water swimming)

Hidrología:

Leaving the A26 at the Romagnano/Sesia-Ghemme exit, take the SP299 up the Sesia valley, passing through Borgo Sesia and arriving in Varallo (32.5 km from the A26). Continuing on the SP299, after about 21 km (from Varallo) we reach the village of Piode. From here we continue for 1.3 km in the direction of Campertogno, then turn left over the Sesia. Now on the SP82 in the direction of Rassa. We now drive 1.5 km, then we reach the place where we park the car.

2–4 rappellers—none of whom are required to swim in whitewater (only necessary when the water level is high); possible jumps (up to 15 meters high).

Back in Valsesia and we started in this short canyon, all jumps, we avoided the devil'slide and ended at the bridge in 20 minutes... So we did it twice!

After the rains, the water level has returned to "Sorba" levels; Devil's Slide still has too much water, but we'll probably be able to start riding the big toboggan run in the next few days. (traducción alternativa)

On our way back from Sorba Superiore, we also hiked this section... beautiful but very short. It was very crowded... (traducción alternativa)

It's always beautiful; it's worth stopping at the pool below the last descent to swim into the "cave" on the left. For now, there's too much water to make the descents on Devil's Slide. (traducción alternativa)

Automatisch importiert von Descente-Canyon.com für Canyon Sorba Parcours atypique où tout peut s'éviter et se faire avec vraiment beaucoup de débit. Mais si on choisit de passer dans l'eau ça devient très sportif. Bel enchaînement de piscines et très ludique (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/21437/observations.html)

Also walked the "devil'slide", 2 concatenated rappels of 20 and 16 m. Compared to the rest of the canyon it is much more technical and complex, with lots of water, a turbulent hanging pool. In tot. with devil 3 rappels (you avoid the final "classic" route) Watch out for the weapons of the devil (traducción alternativa)

Busy stream with few but beautiful rappels, lots of water and huge pools, passable from mid-June onward until October (traducción alternativa)
