<b>Resumen:</b> (traducción alternativa) Alpine rappel canyon with some jumps		
<b>Hidrología:</b>		
<b>Acceso:</b> (traducción alternativa) Park directly by the stream in the village of Yazin.		
<b>Acceso:</b> (traducción alternativa) From the parking lot, follow the path under the mosque for around 20 minutes until you reach the exit of the slope. From there you can see down to the streambed, always keeping slightly to the right. In 5 minutes you are at the stream and the first rappel. Wikiloc Trail available, see links.		
<b>Recorrido:</b> (traducción alternativa) In the upper part you are in an alpine canyon, in the lower third it becomes playful and wildly romantic. Very scenic and impressive. It is not easy to climb down when the water level is high. So far, the canyon is very spartan and many natural anchors are necessary.		
<b>Regreso:</b> (traducción alternativa) On the right hand side on a path back to the village.

2026-05-11   Horst Lambauer   ★★☆☆   📖★★★★   ⚓★★★   🌊 Seco   🍏 Completado Walked the Yazir today. Unfortunately the canyon was dry, except for a few pools. Nevertheless, a canyon absolutely worth seeing, ideally after rainfall or in spring. Unfortunately we didn't have any drilling equipment with us, so it would certainly be good if the next person had something with them, especially if there was water inside. (traducción alternativa)
