Résumé: (traduction alternative)
Rappel canyon, deep canyon, no emergency exits

Hydrologie:

Accès: (traduction alternative)
Take the A 14 along the Adriatic, passing Cattolica, Pesaro, Fano and Senigallia. At the Ancona Nord exit, leave the A 14 and take the SS 76, then after 42 kilometers turn west for 15 km to Sassoferrato. From here on the SS 360 9.5 km in the direction of Scheggia. Now turn left (south) towards Perticano, Pascelupo. A few hundred meters before Pascelupo turn left onto the little road to the Eremo di Montecucco. After about 500 meters, on the left of the road, there is a parking area for about 5 cars. Park here.

Approche: (traduction alternative)
From the parking lot, follow the road for a few meters and cross the Rio Freddo in a ford at the cleared forest area. (altitude about 440 m). With some difficulty, you will recognize hiking trail no. 3 in the cleared forest, which then winds its way up the mountain. After a while, it meets a road where you keep to the right and continue slightly uphill. At an altitude of around 750 m, you reach a ridge (approx. 50 min.), where the marked hiking trail no. 19 branches off to the right from Sentiero no. 3. Follow the now descending path no. 19 to reach the streambed of the Rio Freddo between its upper and lower sections.
Note: If you also want to climb the upper part (highest rappel here 18m), stay on path no. 3 at the junction of Sentiero no. 19, which leads up to Passo Porraia (931 m). Here you turn onto Sentiero no. 18 and descend in a westerly direction to Rio Freddo (entry at 920 m).Even if you have 2 cars at your disposal, this is more time-saving and possibly more pleasant than the shuttle described elsewhere (e.g. in Gole & Canyons 1 - no. 11) over a distance of 25 km and the subsequent 40-minute access, which also leads to the entry point (920 m).

Tour: (traduction alternative)
The information on the number and height of the rappel in the books and Internet sites differ quite strongly (2 x 25 m rope indicated). There are devices for ropeways (to get across the brackish water pools in summer without neo), The walked lower part of the canyon is entertaining and also suitable for beginners. In June there was still running water.

Retour: (traduction alternative)
After a water intake, concrete steps lead down next to the stream. A little later, a path leads out to the left to the little road where the car is parked a little further down.
