Accès: (traduction alternative)
From Imst up to Hochimst and park your car in the parking lot of the lift.

Approche: (traduction alternative)

Tour: (traduction alternative)
River walk with a few small steps that can be downclimbed or slid down. There are fixed ropes where necessary.

Retour: (traduction alternative)
Before the start of the lower Rosengarten gorge, which is not suitable for canyoning, get out and up to the road. There take the footpath to Hochimst.

It's a route you can take when hiking through the upper rose garden, but otherwise it's only worth it for beginners or family hikes. Still, everything's fine along the way. (traduction alternative)

Good conditions—canyoning with the family today for Father’s Day. Water level is slightly higher, but no problem. All fixed ropes are in good condition; some sections are like a via ferrata… Rope needed only for emergencies. There are a few slides and small jumps, but check them out first. Ideally, park at the exit and walk 20 minutes to the entry… saves on parking fees in Hochimst. (traduction alternative)

Currently good conditions... nice clear water. Rather a beginner's tour. Can be combined well with the Hachle. (traduction alternative)

Children's tour. But it's also fun for adults when the water level is high :D (traduction alternative)
