Résumé: (traduction alternative)
A rappel canyon that features small slides.

Hydrologie:

Accès: (traduction alternative)
Drive from Chur toward San Bernardino. Take the Nufenen exit (No. 30). Turn left at the bridge and follow the road toward Hinterrhein. After about 1.2 km, turn left and park on the dirt road.

Approche: (traduction alternative)
Follow the dirt road to point 1572. Then follow the trail uphill—steep at first, then somewhat gentler—to point 1963. From here, continue more or less along the contour line until you reach the entry.

Tour: (traduction alternative)
The walking passages alternate with rappels and slides down beautifully polished slate. The last six rappels are the tour’s special highlight.

Retour: (traduction alternative)
After the last rappel, follow the stream for a short distance until you reach the bridge. Exit to the right and head up to the dirt road. Now head back to the parking lot.

A cool canyon with some beautiful spots. There are longer walking passages. The parking lot described in the directions can no longer be used due to a driving ban. However, you can park at the fork in the road. (traduction alternative)

A scenic canyon. All necessary anchors are in place. The rock provides excellent traction for walking. (traduction alternative)

Beautiful ravine with some slides. Still a lot of snow in the upper part but very grippy rock. All anchors OK. Some tricky downclimbs. 3 times defused with anchors. Longer walk in the middle. Is loosened up a bit by one or the other possible jump or slide. Nice final sequence with a nice sequence of rappels. Penultimate belay exposed and not easy to reach because the rock is slippery. All in all a nice tour (traduction alternative)
