2026-05-17   Simone & Armin    📖 🚧   🔴 Pas fait Question to the locals 📖 Unfortunately there was a lot of water everywhere this weekend... as we're not from here, it's really difficult to know what water level is still feasible. I realize that this is always individual, but a reference photo or reference photos with low / medium / high would be really super. Would the canyon have been possible at this water level? (Very aquatic) Thanks for your help 📖📖 (traduction alternative)		
2026-03-01   Jeroen Kirchner   ★★☆☆  📖 ★★★  🚧 ★★★  🌊 Normale  👍 Terminé Deep and impressive Dolomite gorge with cave like passages, some due to huge fallen boulders where we go below. A bit of a jungle feel as well. A must when in the area or when traveling on this road. We did it after Pignatte. Continued with one car, parked along the busy road. At the exit of Gola (confluence with the main river) left bank and then gently via the houses back to the road.
