Résumé: (traduction alternative)
Short rappel canyon that leads into a great canyon (Rio Pelago).
Can be combined with Mariana to form a joint tour (see description of Mariana).
Regulated, in particular permit required and only with a guide (nature reserve)

Hydrologie:

Accès: (traduction alternative)
Leave the A-11 from Florence to Viareggio - Pisa at the Lucca exit and head north on the SS12 along the Serchio river. At Chifenti, the SS12 continues to the right in the direction of Passo del Abetone. However, we turn left here onto the SP445 towards Castelnuovo di Garfagnana. After about 3 km, turn right towards Tereglio - Alpe Tre Potenze. In Tereglio continue in the direction of Passo del Giovo. After approx. 6 - 7 km, turn right towards Orrido di Botri to the large tourist parking lot at the exit of the canyon at an altitude of 640 m in Ponte a Gaio. Park your car here (parking lot "P1"), see also

If you want to enter from Ref. Casentino - see "Access" below - continue with a second vehicle for approx. 9.4 km on the road to Passo del Giovo. Past the Rifugio Casentino at 1250 m above sea level, park the car on the right in a square where a clearly recognizable path leading slightly downhill begins ("P2").

Approche: (traduction alternative)
Either via Rifugio Casentini as in the upper access to the Mariana ("E4") and then on the "Gea 14" (Grande Escursione Appenninica) over the Mariana and further down to Colle de la Prada, to join the Ribellino shortly afterwards ("E2").
Easier - also because it can be done without transfer - from the parking lot at the Ponte Gaio "P1" (660m above sea level) we can follow the "Gea 11" in an easterly direction uphill on the ridge to about 1340m above sea level, where the path branches off. We now keep left on "Gea 12" until "Gea 14" branches off to the left of "Gea 12". We take "Gea 14", which then crosses a left tributary of the Ribellino (entry "E1"). We follow this tributary until it flows into the Ribellino. We only enter the Ribellino further down here, but in good time for the interesting parts.
Of course, you can also continue uphill along the path - past an alp - to enter the Ribellino directly ("E2").

Tour: (traduction alternative)
5 or 4 (with side ascent) rappel in Ribellino, then river walk (with downclimb) in Orrido di Botri.

Retour: (traduction alternative)
Right out onto the bridge and to the car.
